

## WANT DOLE REMOVED

A Memorial Passed to the President.

## BRIBERY IS ALLEGED

Governor Gave This as One Reason for Not Allowing an Extra Session--Removal Asked.

Honolulu, May 4, via San Francisco, May 11.—The first territorial legislature of Hawaii came to an end on the evening of April 30, according to Governor Dole, and on the next night, according to the majority of both houses. The legislature ended its existence at loggerheads with the governor all along the line and without passing a single one of the measures to which the home rulers were committed, except the county government act, which the governor killed by a veto pocket veto.

### Asked Dole's Removal.

The last act of the house on the evening of the 30th was to pass a concurrent resolution containing a memorial to President McKinley, asking for the removal of Governor Dole. He is charged with having hindered the work of the session by his hostility toward the legislature, withholding information and reports called for, and refusing to co-operate with the lawmakers. The president is asked in the resolution to use his influence in favor of an extra session to transact general legislation, which Dole refuses to grant. The Hawaiians claim they have not had time in which to work out the plans of law-making they had formed in the 30 days of the regular session. In conclusion the home rulers ask that Dole be removed if the president sees no other way to bring about an extra session of the legislature, declaring that the governor has acted in such a manner as to lose the confidence of a majority of the people of Hawaii, and charging that he has not dealt fairly with the home rule legislature.

The concurrent resolution passed through both houses by large majorities, all the native home rule members voting for it.

### Dole Caused a Sensation.

Governor Dole created a sensation in both houses by informing the committee sent to him to ask for an extra session that one of his reasons for not granting an extra session was that he had been reliably informed that bribery was taking place. Both houses passed a resolution demanding proof. In reply the governor stated that general charges of bribery had been made in the local papers and on the floor of the senate, but had not been investigated, in spite of the appointment of committees to look into them, and that the matter was being investigated by the governor with a view to punishing the offenders if evidence against them could be obtained.

### For Appropriation Bills Only.

The governor has issued a proclamation calling for an extra session for appropriation bills only, to commence May 8.

Circuit Judge Humphreys is about to call a special grand jury to investigate the charges of bribery in the legislature.

## WATCH FACTORY SOLD.

M. C. Eppenstein and Jacob Franks Purchase Rockford Watch Company's Plant.

Rockford, Ill., May 13.—M. C. Eppenstein, president of the Illinois Watch Case company, and Jacob Franks, a Chicago capitalist, have purchased the Rockford Watch company plant. The consideration is not known. Henry W. Price, president of the company, made the deal. The purchasers signed a \$25,000 bond to keep the factory in operation for three years at least. In reporting the deal the Rockford Star says that the new company promises in a comparatively short time, an industry for nearly 3,000 hands and requiring a pay roll of \$100,000 a month. Out of three or four plants for sale they selected the Rockford institution as best suited to their needs and the most ideally situated. They are going to work at once to build it into an institution of an immensity of which the many persons have never dreamed.

The sale covers the entire plant, with a frontage of 411 feet on South Madison street, and the machinery, stock, and material on hand. The receipts of the business were turned over to the new owners Saturday.

The case making business will not be moved from Elgin, but the two plants will of course be operated jointly with respect to the output.

All of the old employees of the company are to be taken on, this being one of the first things announced after the transfer had been completed. Hundreds of young women will be given employment.

## NO CALL YET ISSUED

For Meeting of Democratic Committee.

## A POLITICAL STORY

Gossip Has It That Governor Nash Will Have Opposition in His Race For Renomination.

Staff Correspondence.

Columbus, May 13.—Lewis Brucker, of Mansfield, chairman of the Democratic state central committee, has sent a telegram here stating that no call has as yet been issued for a meeting of that body to choose a place for the convention. Democrats at the state capital are taking heart and have hope now that Columbus may eventually land the convention again, despite the statements in partisan papers that it will go to Cleveland. In all probability a call will be issued before long to fix the time and place for the convention. Otto E. Young, of Massillon, is the representative of the eighteenth district on the state committee.

The latest and most important political gossip is the story that Judge William H. Taft will be brought back from the Philippines and nominated for governor by the Republicans. Conservative members of the party look upon the matter as a roorback and believe implicitly that Nash will be renominated notwithstanding the talk against him. They refer to the case of Bushnell four years ago, when it seemed that three-fourths of the party were arrayed against him, but this opposition did not prevent his renomination. They claim the opposition to Nash is insignificant as compared to that which confronted Bushnell, and point out that it would be setting a dangerous precedent to turn down a candidate for a second term.

Sovereign Camp, Woodmen of the World, will hold its annual convention in Columbus, May 14 to 23. Members from all over the world will be present. Great preparations have been made to show the delegates the right kind of treatment. The state convention of Red men and Daughters of Pocahontas will also open here to-morrow. A spectacular parade will be held on the opening day. Columbus will be busy for some time entertaining conventions.

Mr. C. B. Fredrick, V. S., who has been connected with the veterinary department of the Ohio State University during the past four years, will remove to Canton, July 1. Mr. Fredrick is one of the instructors in the veterinary department and his term expires next month. He formerly resided at Louisville, Massillon. Mr. Fredrick was united in marriage last summer to Miss Frances Hauser, of Canton. Dr. Blason, of the Kansas State Agricultural station, has been engaged to succeed Mr. Fredrick.

The Ohio State Luther league will open its sixth annual convention in Mansfield to-morrow. Several hundred delegates will be present. The closing session will be on Wednesday. In a symposium on "Our Young People in the Twentieth Century," H. W. Lutz, of Canton, will respond to the topic of "Who and What They Are." Rev. J. L. Miller, of Youngstown, and Rev. C. E. Keller, of Akron, will take part in the discussions.

## A RIOT IN DETROIT

Police Director's Obnoxious Order the Cause.

## SPEECH CHOKED OFF

Would Not Allow Single Tax Advocate to Talk in the Street--Crowd Resented It.

Detroit, Mich., May 11.—Fully 10,000 men and boys ran riot in the main streets of this city for more than three hours and a continual running fight with police, both mounted and on foot, made an exciting night in the heart of the city last night. The net result so far as known is 12 citizens and five policemen injured. Mike Waldin and Louis Caplin had their heads crushed by being trampled on by horses ridden by the mounted police in a charge on the crowd.

The officers injured are: James Tuomey, scalp cut by brick; Henry Scott, hit on head with cobble stone; Thomas Murphy, cheek cut open with brick; George Moore, badly cut about head by brick and taken home in an ambulance; Barney Noonan, hit with a brick.

### Police Director's Obnoxious Order.

The beginning of the riot was Thursday night, when Director of the Police Frank T. Andrews, who recently superseded the old police board through the passage of the ripper bill by the legislature, issued an order to the police to allow no one to stand about the wagon of one "Tom Hawden," a local single tax exhorter, who had incurred the ill will of the police director by the extraordinary nature of his remarks on so-called wealthy "tax dodgers."

When Hawden began his exhortation a crowd quickly gathered. Director Andrews supervised the work of the police in keeping the people moving. The crowd good-naturedly hooted the police and no violence was done.

Last night, however, the temper of the crowd changed when it was announced that Director Andrews had called on reserve officers to assist in keeping the campus marauders clear. The single tax exhorter came with his wagon and found the campus jammed with people. The police refused to allow him to locate at any particular point and he drove from one street to another, the crowd following. The mob frequently blocked traffic and the police attempted to disperse them. It was not long before stones began to fly through the air and a general mixup followed, in which the foot police used their clubs and the mounted men charged. The officers fired their guns in the air and the mob returned the fusillade with sticks and cobblestones. At one time, when the mob had gathered about the central police station, at Fort and Randolph streets, bricks were thrown through windows.

### Trampled Upon by Horses.

In a charge made by the mounted police at this point Mike Waldin was knocked down and three horses trampled over him, cutting his head so badly that he was taken to the Emergency hospital. Officer George Moore was hit with a stone in this charge, and his cheek was laid open. He was taken to his home in an ambulance. The other officers were not seriously hurt.

At one stage of the riot a section of hose was secured by order of the police director and the stream turned on the crowd, but the hose was cut and the man who wielded the nozzle was driven into a saloon and pounded over the head with an iron cuspidor.

Mayor Maybury was down town watching the crowd and at one time made a speech to the people from the postoffice steps, cautioning them to do no violence, but stating that he was not in sympathy with the order of Police Director Andrews denying free speech on the public streets.
